FOCUS: "Participate in a round table conversation about next steps in realizing the goals in the Surrey's 10 year strategic plan for Parks, Recreation and Culture www.surrey.ca/prcplan. A key topic for discussion will be the barriers organizations face in qualifying for and securing grant funding from the BC Arts Council, the Canada Council in order to build their revenues to achieve these goals: paid professional arts administrators, paid artists, and own or operate their own facilities to create and present arts events and programs." *Liane Davison | Manager of Culture*
